

Dear Parents:

I have one important task that I must accomplish in this month of May! In September, at Back to School night, I shared with you my wish for each FSHA family. Since we had accomplished 100% giving by the Board of Directors and 100% giving from faculty and staff in 2006-07, I asked that we extend that goal to 100% giving for our current families. I encouraged a gift of any amount to the Flintridge Fund and shared that the size of the gift was not of importance but each family's willingness to support the Flintridge Fund and the mission of Flintridge Sacred Heart Academy was critically so.

I want to express grateful thanks to all our families who have responded to this wish and given a gift to the school. Your response has been warm, generous and heartening. As I write this, however, we are still working toward that 100% participation. This will be my focus during the month of May. With the help of the Development Office and our generous volunteers, I look forward to making every effort to secure this goal before June; I count on your support to make it happen. Meanwhile, we continue to celebrate the many and varied areas of success at Flintridge Sacred Heart. Hopefully, the beautiful FSHA 75th Anniversary Annual Report is in your hands. Thank you to Gina Rodriguez and the Development Office for a project well done. In all areas of our school, academics, arts, athletics and extra-curricular activities, our girls are achieving amazing success. Weaving all together is a deep and active spirit of faith community that keeps us focused on our mission of celebrating Veritas. We are deeply grateful for all you do to keep our spirit alive and well "on the hill."

Please know you are in the daily prayer and works of the Dominican Sisters.

Gratefully, *Sister Carolyn McCormack, OP*
